Artificial Intelligence

Jesus taking on the full cost of being human, in his work, his accountability and his relational incarnation, frees us to use AI as a tool and continue pursuing the costly, relational life God made us for.

Prayer Points

Monday - Disability & Neurodiversity
Praise God that we are fearfully and wonderfully made, and that he gives each person the worth of His image regardless of what they can or can't do. As we await the day when Jesus brings all who trust Him into His kingdom where we are all fulfilled together, pray that SLE church will receive every person as God's gift and be a community where people with disability and neurodiversity belong and are heard.

Tuesday - Artificial intelligence
Praise God that he has made humans in his image, unlike any other part of creation. Praise God that he created work as good and gives dignity to work that he intends for us. Pray that as we consider AI's impact in the world we would be neither uncritical in adoption nor pessimistically doom and gloom. Pray that our understanding of our humanity would guide us into wise use of it.

Wednesday - Isaiah sermon series
As we get into a new sermon series on the book of Isaiah, thank God that He both confronts and reassures sinful people that salvation is only found in Him, which he demonstrates ultimately in the suffering of His Son Jesus on the cross. Ask God to move us to realize that we can and must trust God with our whole lives. Pray too that God will give Pastors Steve and Richard wisdom as they prepare to preach God's word to us faithfully through this series.

Thursday - University exams
Praise God for another semester at university that is coming to an end! As the university students head into a season of final exams and assignments, ask that God sustains them physically, mentally and emotionally, and pray that the students will not neglect reading His word, talking to Him and spurring each other on to be faithful children of His during this busy time.

Friday - Centenary Evangelical Church (CEC) & the Teo family
Together with CEC, Aaron & Rachel, Reuten & Amanda Teo, we grieve the loss of baby Amelia Rose Teo who went home to be with the Lord last Friday. During this time of deep sorrow and grief, ask that God comforts them with His love and compassion as the family clings to the hope they have in Jesus who conquered death & promises to make all things new one day. Pray too that CEC will continue to be a community that weeps and walks alongside them in hope and love.

Saturday - K in the Middle East
Thank God for His mighty work that He is doing in the Middle East through K sharing the gospel to the unreached people group there. Ask God to keep her heart steadfast as she serves Him, and pray that her genuine love will result in trust built between her and the students she is reaching out to, and ultimately trust in Jesus as King. Ask God to continually transform the hearts of K and her teammates old and new as they walk the path of humility before Him to serve and bring the gospel to many.

Introduction

Defining AI - what do we mean by it?

AI Apocalypse (ie ‘revealing’)

1. **Creation - to be human is to work**
2. **Fall - to be human is to be accountable**
3. **Redemption - to be human is to have mutuality**
